

July 9, 2018

To our valued Edgewater Customers:

As previously advised, due to increased ridership, we are replacing our Otter-class vessel with a **149-passenger Catamaran** on all Edgewater runs.

This larger ferry will go into service on Monday, July 9th and will give us the added capacity we need.

Beginning Wednesday, July 11 we will eliminate the 8 a.m. supplemental run since it will be unnecessary.

We take great pride in serving our Edgewater customers and thank you for your continued patronage.

Sincerely,

The Staff at NY Waterway
